

## *introduction*

Volume #6 of the Lemonopolis Lesson Library has arrived! This week we're talking all about finding a business partner. The Find a Business Partner lesson will **help youth identify an adult that can help them with the activities they will need to do outside of Lemonopolis**. Read below for more information on the Find a Business Partner lesson.

In order for youth to be successful, it's important that they have the support of a Business Partner. A **Business Partner** is a parent or mentor that is committed to helping them with transportation to visit an investor, purchase supplies, set up and run their business. This Business Partner could be you or it could be another adult that is willing to help.

## lesson DISCUSSION

Here are some discussion topics and questions you can ask your youth to reinforce the Find a Business Partner lesson.

### Discussion:

- Work with your youth to determine who might be a good potential Business Partner for them.
- Help your youth decide how and when to ask their Business Partner.

### Questions:

1. What adults do you know who would be willing to help you with your business?
2. Would this adult be able to take you places like the grocery store and help you set up and run your stand?
3. Why should they help you?
4. Who will your Business Partner be and what is their relationship to you?
